

HIGHLAND EMERGENCY INTERNATIONAL

Highland Emergency Medicine
Oakland, California

Dear Friends and Family,

In response to the recent disaster in Haiti, **Highland Emergency International**, an international medical and humanitarian relief team affiliated with the Highland General Hospital Department of Emergency Medicine, will be sending teams of emergency physicians, trauma and orthopedic surgeons, and nurses to aid victims of the earthquake.

We are writing to ask you support our efforts with a monetary donation of \$100 or more. Your donation will go towards purchasing medicines and medical supplies for our team.

With your support our team will arrive in Haiti in March 2010 and begin work in coordination with the [International Medical Corps](#) to provide humanitarian aid and medical care to disaster victims.

Our initial focus will be to provide the basic medical support necessary. In the long term, we will equip and train local Haitian staff in Emergency Medicine so that when our mission ends, the relief work will continue. We are fortunate to have generous support from Medshare International and Sonosite to help us acquire medical supplies and ultrasound equipment for our mission.

Our goal is to raise \$20,000 by March 1st. Your donation of \$100 or more will be essential to the success of our project. Our donations are managed through our longtime partnership with Doctors for Global Health:

Shirley Novak
DGH Treasurer
2669 E. Genesee St.
Syracuse, NY 13224

(Make checks payable to Doctors for Global Health and write Highland Emergency International/Haiti in the memo)

Or donate online at [Network for Good](#) and write in **Highland Emergency International/Haiti** as the designation.

If you have any questions about our relief effort, wish to discuss other ways that you can contribute, or want to know about the status and progress of our trips, please contact us at: HEI.Haiti@gmail.com.

Thank you for generous support.
